Grand Rapids 8, Mich.

Wholesale Price List of

- HARDY CHRYSANTHEMUMS
- SIBERIAN IRIS
- HEMEROCALLIS
- PHLOX

We are not issuing a retail list this year, since our growing wholesale trade takes most of our time and stock. We sold out on many varieties last year, so advise ordering as early as possible.

Prices are for strong, outdoor grown rooted divisions. All stock offered subject to prior sale and crop conditions. Shipping will start as soon as weather permits. Orders will be shipped in rotation, as near as possible to the time wanted.

Terms: Cash, or 50% cash, balance C.O.D. Minimum order \$3.00. No charge for packing. Plants shipped by express collect. Small orders can be shipped by parcel post if postage is included; any amount in excess will be refunded.

The first letter after the name denotes the type of flower: D, double; SD, semi-double; S, single. The second letter pertains to approximate bloom season; E, before Oct. 1; M, Oct. 1 to Oct. 15; L, Oct. 15 on; VE, early Sept. or late August.

You may order 25 of one variety at the 100 rate.

	<u>HARDY CHRYSANTHEMUMS</u>	<u>Per 10</u>	<u>Per 100</u>

SALMON GLOW, Lively salmon pink, strong grower	2.00	15.00
SAN ANTONIO, Tall dark purple-red	1.50	12.00

ECHINOPS TAPLOW BLUE

We have a limited supply of this outstanding globe thistle to offer this spring. The globes are larger and of a blue much deeper in color than the ordinary eschinops ritro. It blooms on stalks about $3\frac{1}{2}$ feet tall in July, and if the stalks are cut back when through blooming, it will bloom again in September on shorter stems than the previous bloom. It is very effective in the garden and makes a long-lasting cut flower.
